

Trans-DOT Axle Control/ Suspension Dump Boxes

MADE IN THE USA

New, Lighter, “Plug & Play” Solutions

- ◆ **100% tested** – Every unit tested for function, airtight operation
- ◆ **Alkon “less is best” design** – Minimum parts for maximum reliability
- ◆ **Lightweight, compact** – 30%-40% smaller and up to 50% lighter than competing models
- ◆ **Keeps gauge clean** – Dumps air (and any dirt and contaminants) to the outside
- ◆ **Easy to install, maintain** – Optimized for operator and installer convenience
- ◆ **Tough, dependable** – Rugged all-weather box, corrosion-resistant valves and fittings

Custom Configurations Welcomed

All Heavy-Duty Trailer Applications:

- ◆ Short & Long-Haul Trailers
- ◆ Grain Haulers
- ◆ Tankers
- ◆ Gravel Haulers
- ◆ Flatbeds
- ◆ And more

Keeping the world moving and working.

Trans-DOT Axle Control Boxes

Superior performance characteristics compared to the competition:

- ◆ Lightweight
- ◆ Easy access
- ◆ Multi-functional
- ◆ Easier to install and more

TDB-0220 Axle Control Box

Applications: Combo box, includes regulated lift axle control module, axle normally down, with manual override, 12 VDC, 0-160 psi gauge with manual suspension dump valve, 0-160 psi gauge

Dimensions: 10" x 8" x 6"

Model Options	Description*
AU	Axle normally up
100	Gauge pressure 0-100 psi
CL	Clear lid
R	Manual suspension dump valve with air reset
NG	No gauge

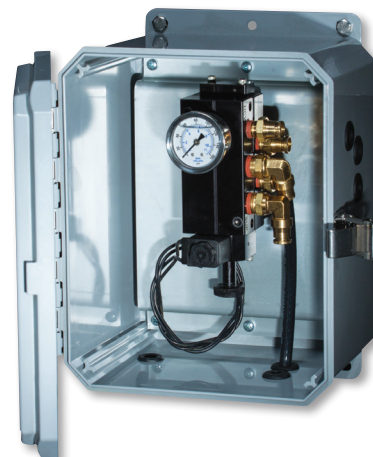

TDB-0290 Axle Control Box

Applications: Regulated lift axle control module with manual override, axle normally down, 12 VDC, 0-160 psi gauge

Dimensions: 10" x 8" x 6"

Model Options	Description*
AU	Axle normally up
100	Gauge pressure 0-100 psi
CL	Clear lid
P	Exhaust port protector
NG	No gauge

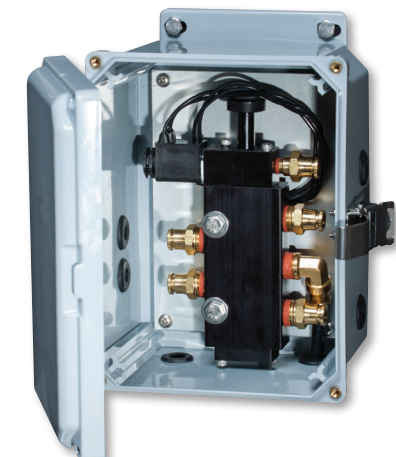

TDB-0291 Axle Control Box

Applications: HCV supplied lift axle control module with manual override, axle normally down, 12 VDC, 0-160 psi gauge

Dimensions: 10" x 8" x 6"

Model Options	Description*
AU	Axle normally up
100	Gauge pressure 0-100 psi
CL	Clear lid
P	Exhaust port protector
NG	No gauge

TDB-0293 Axle Control Box

Applications: Dual supply lift axle control module with manual override, axle normally down, 12 VDC, external pilot supply

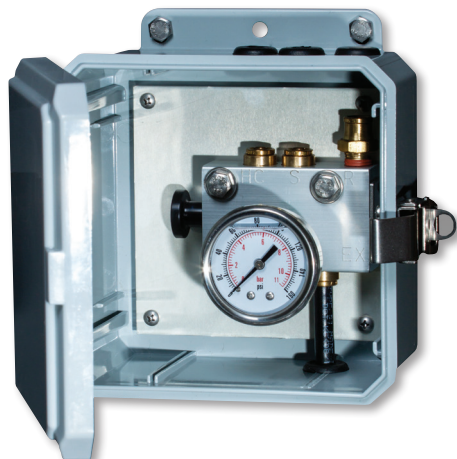

Dimensions: 8" x 6" x 4"

Model Options	Description*
AU	Axle normally up
CL	Clear lid
G	0-100 psi gauge in ride port
P	Exhaust port protector

*All connections 3/8" DOT push-to-connect

Trans-DOT Suspension Dump Boxes

**MADE
IN THE
USA**

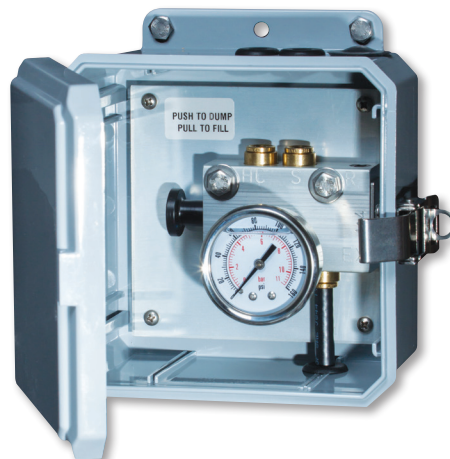

TDB-0045 Suspension Dump Control Box

Applications: Manual suspension dump box, pull to fill/push to dump, with air pilot reset, 0-160 psi gauge

Dimensions: 6" x 6" x 4"

Model Options	Description*
NG	No gauge
100	Gauge pressure 0-100 psi
CL	Clear lid
V	Air lines out latch side

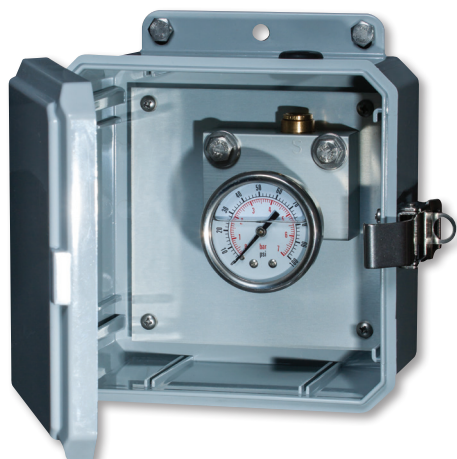

TDB-0048 Suspension Dump Control Box

Applications: Manual suspension dump box, pull to fill/push to dump, 0-160 psi gauge

Dimensions: 6" x 6" x 4"

Model Options	Description*
NG	No gauge
100	Gauge pressure 0-100 psi
CL	Clear lid
V	Air lines out latch side

TDB-0058 Suspension Dump Control Box

Applications: Displays suspension pressure on 0-160 psi gauge

Dimensions: 6" x 6" x 4"

Model Options	Description*
100	Gauge pressure 0-100 psi
CL	Clear lid

TDB-0065 Suspension Dump Control Box

Applications: Manual suspension dump box with 3-way ball valve, 0-160 psi gauge

Dimensions: 6" x 6" x 4"

Model Options	Description*
NG	No gauge
100	Gauge pressure 0-100 psi
CL	Clear lid

*All connections 3/8" DOT push-to-connect

Custom Control Boxes

We can design and build electric or pneumatic control boxes to any sizes, with air connections from any side, for any application.

Box sizes (in.) now available:

◆ 6 x 6 x 4

◆ 10 x 8 x 6

◆ 8 x 6 x 4

◆ 12 x 10 x 4

Protect your circuit and save labor with custom plug & play control boxes from Alkon Trans-DOT. Call **419.333.7000** or visit **www.alkoncorp.com** for more information. *We can help you save money, get more profitable and grow your business.*
